The Story

In the quiet, provincial realm of Iginor, evil is stirring. Dangers abound on all sides: the forest, wastelands, and even the once-protective mountains look to the tiny town with glaring eyes. Into this, a young, would-be Mage sets forth to prove himself worthy of joining the ranks of his brethren.

This is his journey.

A Mage's Initiation. You assume the role of D'arc, a sixteen-year-old Initiate who must complete a trio of tasks set by his Mage Masters.

Journey through the medieval-styled realm of Iginor.

Brave a goblin-infested forest. Navigate a vast lake to encounter an evil so pure, not even beauty can disguise it.

Ascend to the peaks of Flyteria, a valley of winged warriors once dedicated to protection of the human town.

Succeed and D'arc shall take his place among his fellow Mages.

Fail and nobody shall remember his name.
