GABRIEL KNIGHT IS BACK

“What can you tell me about Voodoo?”

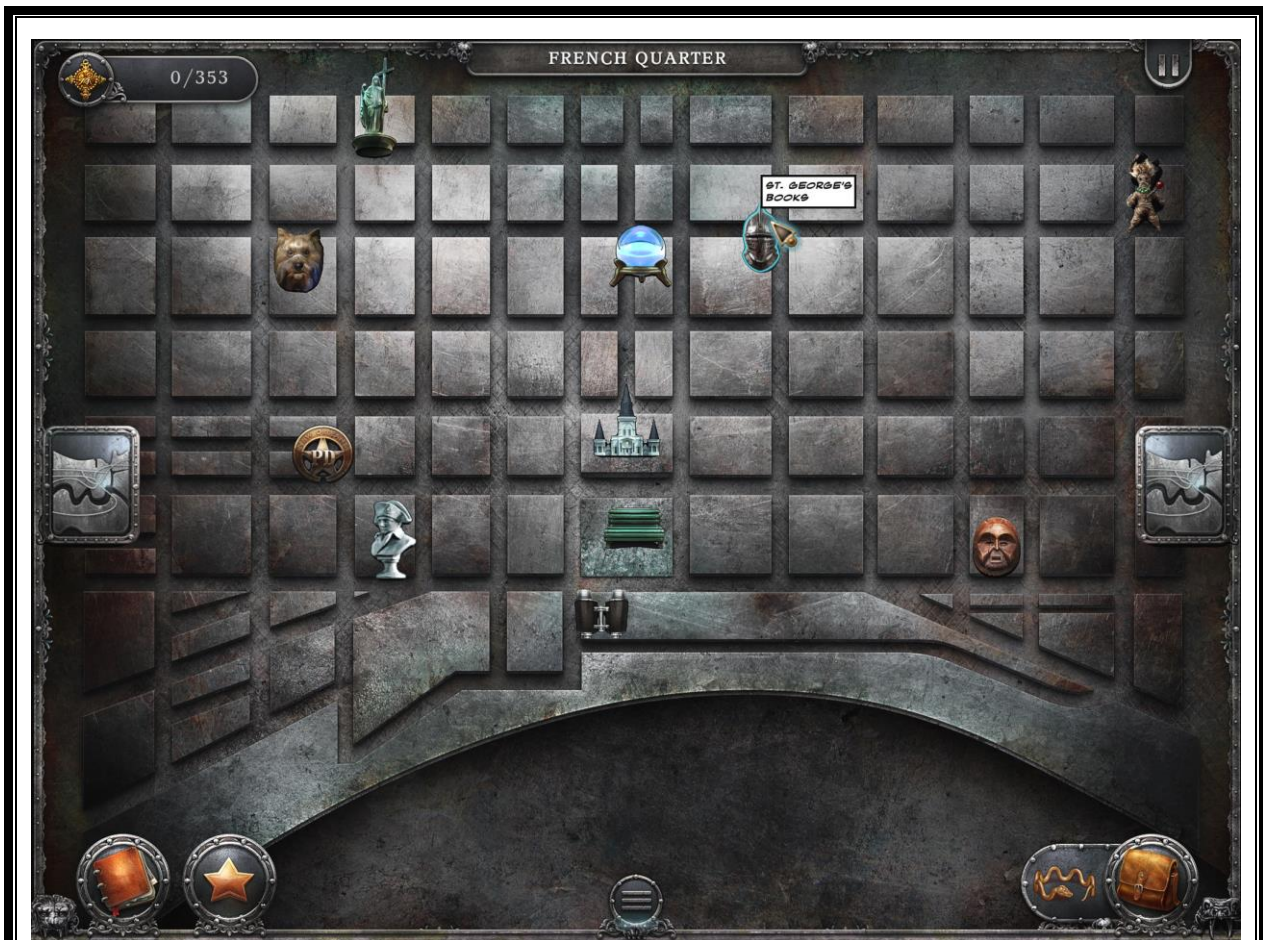

Gabriel Knight: Sins of the Fathers ®, Jane Jensen’s classic adventure game featuring a series of voodoo murders, New Orleans, forbidden romance, and the most charming womanizer you ever met, is **back**.

Winner of numerous industry awards when it appeared in 1993, this 20th anniversary update will be better than ever with high res graphics, an all new remastered soundtrack, behind-the-scenes goodies, and the great gameplay and story of the original.
